Dedicated to all little adventure seekers to help them on their outdoor quests, regardless of the weather.
All that whilst parents don't have to worry about their little ones getting cold or damp.

DETACHABLE & ADJUSTABLE HOOD

SOFTSHELL

Waterproof 10 000 mm,
breathability 5 000 g/m².

Softshell fabric with microfleece lining
which is cosy and extremely gentle on skin.

REFLECTIVE ELEMENTS

7 reflective elements will
ensure your child's safety
in evening time.

ORTHALION PANELS

Orthalion panels on legs
and bum make the heavy
wearing parts durable
and waterproof. Puddle play
has just been made worry free!

FLEECE

An additional fleece insert will serve
your child just as well in winter months.
The insert is removable and can be used
as a fleece suit independently.

SIZE ADJUSTABLE SYSTEM

Size adjustable system which enables
the suit to grow with your child.
Series of solutions allow to extend
sleeves, legs and torso up to 3 sizes
(approx. 20cm)

DOUBLE ZIPPER

for quick toilet breaks.

ELASTICED LEG ADJUSTMENTS

Allow tight fit over boots or wellies with
elastic stirrup securing it in place.

JACKET/ VEST (2 IN 1)

PRODUCT CODE: trans01 - children, trans21 - adult short, trans23 - adult long

Our Transformer jacket is a fusion of a waistcoat and jacket. On the whole it is waterproof, very warm, comfortable and extremely practical. What's very important to us – the insulation we use in the vest is made from 55% recycled materials. Quilted sonically, which means without a use of needle, leaving the fabric's structure unspoiled and fully waterproof.

TRIPLE LAYER DESIGN:

1. OUTER LAYER

Thin waterproof outer fabric - with a „water repellent“ coating - is a technology that significantly reduces the absorption of liquids. As a result, water (e.g. rain) forms into drops and does not penetrate into the fabric. It can withstand light and moderate rain. In addition, this technology facilitates cleaning and minimizes the risk of contamination of the material.

2. PRIMALOFT INSULATION

A replacement for natural down, which keeps warming properties even if outer layer doesn't stand very heavy rain! It does not get dirty and keeps shape thanks to its elasticity. The most advanced version of Primaloft®, the Gold version, means that with relatively thin insulation - and therefore low weight - we get the best thermal parameters. 55% of the Primaloft® used is made of recycled polyester, has windproof and antiallergic properties and is resistant to fungi and bacteria.

3. BREATHABLE LINING

REMOVABLE HOOD

SLEEVES

The gilet has easily removable sleeves, which when attached, gives us a „full-fledged“ soft, warm (yet not thick!) jacket. The sleeves roll to a very small size, so you can pack them even to the waist bag and use them as back up when it gets cold or it starts to rain.

THE TRANSFORMER JACKET COMES WITH A COMPLIMENTARY COMPRESSION POUCH TO STORE THE SLEEVES

Comes in two lengths: short or long (the long version has a zipper detachable at the top and at the bottom).

Both lengths are available in children and adults sizes.

SOFTSHELL COAT

PRODUCT CODE: spac01 - children, spac21 - adult

A softshell coat that'll also work as a rainproof jacket. It's light and thin, but it'll keep you warm and protected from the wind.

PREGNANCY & BABYWEARING COAT 5 IN 1

PRODUCT CODE: spac22

is a year-round coat dedicated to both pregnant women and mothers who wear their babies in slings. Growing with you and easily transformable depending on need: simply switch its panels. Additional flexibility added with compatible fleece sweatshirt which fastens to the coat and transforms it from spring-autumn jacket to winter coat.

OPTION 1 MULTIFUNCTIONAL PANEL

After attaching it to the coat, an extension is created "for two". It can be attached both at the front and at the back (to be worn on the back). The panel has a separate, adjustable hood for a baby.

After unfastening the hood, it creates a pregnancy panel with adjustable width!

Similar panels can be attached to the fleece sweatshirt, thanks to which the set will serve us all year round!

The softshell layer itself is perfect for spring and autumn: thin, light, protects against wind and rain, and is breathable at the same time. Worn with the fleece insert, it creates winter clothing. The fleece insert can also be used independently of the coat.

ADDITIONAL INFORMATION

Waterproof 10 000 mm,
breathability 5 000 g/m².

Material – protects against rain and wind,
yet allows the body to breath
at the same time.

Oversize cut –
fits every figure and shape.

Waist regulated
with drawcords.

Two-way zipper, very useful
when getting into the car,
crouching next to the child,
cycling, etc.

Extended length
at the back.

Deep hood.

Front Pockets
sewn on the front.

OPTION 2 PREGNANCY PANEL

Creates space for the growing belly
of the mum-to-be.

The great advantage is that the coat will
serve the mother long after she stops
carrying her baby, whether in a belly
or in a sling. After removing the panels,
we are left with a comfortable, practical,
beautiful coat.

SOFTSHELL TROUSERS

PRODUCT CODE: teren00, teren01

All-year trousers made for outdoor play, which grow together with your child! They'll work in spring at a wet playground, in autumn when jumping in the puddles and in winter while skiing or having fun in the snow. They're made of waterproof fabric, protect from the wind and at the same time allow the child's skin to breathe.

FABRIC

Waterproof 10 000 mm,
breathable 5 000 g/m²

Softshell known for its windproof properties. With thin fleece layer on the inside these ensure a comfortable on child's sensitive skin wear and added warmth. So much so, underlayers may not be necessary.

ORTALLION REINFORCEMENTS

Additional protection against abrasions and soaking on the bottom and knees.

REFLECTIVE ELEMENTS

Ensure safety during evening walks.

The trousers legs are adjustable and can be lengthened up to 10 centimetres. Perfect to fit your child for at least two seasons (up to three sizes).

ADJUSTABLE HARNESS LENGTH

Harness made of thick rubber – elastic to „work“ with your child's energetic body.

HIGH WAIST

No waistband, so they never dig into the tummy. The high waist additionally covers the kid's back and belly.

LOOSE CUT

it doesn't restrain child's movement and leaves enough space for additional layers of clothing.

LEGS WITH ELASTIC BANDS

Some regulate the circumference of the legs so that they fit tightly to around the shoes. The second one is put under shoe's sole so that the legs do not roll up when playtime gets intensive.

ALL YEAR ROUND BABY SLING/CARRIER COVER

PRODUCT CODE - tul01

Mabibi's flagship product and original design which over the years developed and won the hearts of our customers. Packed with innovative solutions and reviewed as the most important and useful accessory on baby sling wearing journey.

Not just a typical liner for a sling, but a multi-functional cover, which can be used all year round over a sling or baby carrier as well as in the car, on bicycle seat or even a stroller! Our Snuggle Cover is designed to last you the entire baby carrying journey: from the very first moments until you're ready to move on.

SPACIOUS, ADJUSTABLE HOOD

WATERPROOF TOP LAYER

Made from light, thin fabric.

Waterproof 10 000 mm,
breathability 5 000 g/m².

MUFF

Built in muff to keep parent's hands warm, hidden behind the front spacious and zipped pocket (additional option of fleece insert available).

REFLECTIVE PANELS

Located on the front of the cover and on the harness.

FULLY ADJUSTABLE HARNESS

Fastened across the back or front, gives you ability to adjust the lengths whilst carrying your baby at the front or back. Fits all parent heights and sizes.

RUBBER BANDS HIDDEN IN THE EARS

When attached to the harness, they support the hood on the child's head. They also make it easy to grab the hood and put it on your baby's head when carried at the back.

PARENT'S SNOOD

Keeps your neck warm all way round and acts as a padding for baby's head. Attached by round buttons made of attested and certified silicone, makes it priceless for the teething babies.

SIZE ADJUSTMENT

The circumference of the cover can be adjusted in three points to keep up with your growing fast baby. Comes with complimentary backpack - perfect for storing and conveniently carrying the cover.

REMOVABLE INSULATION

Cover layer with fleece insulation to use during winter months. Wear the waterproof top layer on its own during warmer but rainy or windy days.

WINTER SUIT

PRODUCT CODE: komb01

This suit is an alternative to thick, down-filled winter suits, in which it is difficult for small children to move. It is light, soft, „plastic“, it allows the child to move its hands, feet, squat, pick up various objects, etc.

The suit is made of a thin waterproof fabric, has a breathable lining and PrimaLoft insulation *. All 3 layers have been sonically quilted, i.e. without the use of a needle - so as not to disturb the structure of the material and not lose its water resisting properties. Very importantly to us, 55% of the insulation used in the suit is made of recycled polyester!

A FLEECE VEST, FASTENED WITH BUTTONS

This way we get a very warm winter version of the suit! Its great advantage is a soft turtleneck around the neck.

TWO LONG ZIPPERS

The suit has 2 long zippers, which when undone, the front „flap” opens and the toddler can be comfortably laid down and dressed easily.

***PRIMALOFT**

Synthetic insulation: a replacement for natural down, keeps you warm even when wet and dries quickly, has windproof properties. It has antiallergic properties and is resistant to fungi and bacteria. It does not get dirty and does not clump like down. It is light, soft and resilient, thanks to which even with thin insulation, i.e. low weight of the suit, we get the best thermal parameters. It is made of 55% recycled polyester.

SLEEVES

Ability to fold the sleeves in and out so hands and feet can either be out or completely covered and protected replacing a need for gloves.

Perfect for ensuring the bag is fully zipped protecting your contents
from slipping out.

CAPACITY

An impressive 3.8l capacity can fit up to 0.7l drink bottle,
cycling jacket and even a snack.

FABRIC

Made of waterproof, durable and easy to clean material.

POUCH

Comes with an additional pouch which can be worn at the front
or independently from the waist bag and attached to a belt.
Perfect to fit your phone, cards or cash secured in an additional
internal pocket with zip.

BELT BAG

PRODUCT CODE: ner21 - standard, ner22 - large

This is not an ordinary waist bag.
Cross functional product with many surprising and extremely practical solutions!

ROOMY 3.8L CAPACITY

Waist bag is also available
in the „standard“ version
- capacity 2 L.

WATER-REPELLENT MATERIAL

durable and easy to clean,
protects the contents
of the bag from light rain.

HIT! ETUI

Additional flat pouch mounted
to the the belt of the waist bag.
Perfect to store a phone, cash or cards
(the latter can be hidden in a zipped pocket
inside the case). It's safe and convenient.
The pouch can also be attached to our additional
belt (or any belt from your wardrobe) and thus,
within one product, we get two independent
waist bags! One in the giga version and the other
in the micro version.

RIBBON

A ribbon with a carabiner
- „guards“ the keys.

TWO SEPARATE COMPARTMENTS INSIDE

TWO-WAY ZIPPER

Provides easy access to the contents
of the bag, regardless of whether worn
at the front or across the back, on hips
or over the shoulder, whether we are right
or left-handed.

OPPTIONAL ADD-ONS

- Zipped pocket on the front and inside.
- Special pendants - thanks to these, the waist bag can replace the pushchair bag. The hangers can also be used as a „third hand“, which can be held by a toddler.
- Pouch - worn over the belt of the waist or an additional strap (similar to the flat pouch). It's use is very diverse: it will fit a drink bottle, a sachet for dog treats, or will provide extra space for other things that we do not want to mix with the contents of the waist.

CHILDREN'S BELT BAG

PRODUCT CODE: ner01

Small ones love to carry stones, sticks and various other treasures in their belt bags, for older kids it is the perfect place to hide a phone or keys. The belt bag can be hung on the handlebars of a bicycle or scooter!

Both sizes will fit min. a water bottle with a capacity of 0.3l.

SPECIAL PENDANTS

The belt bag can be attached to the handlebars of a bicycle or scooter.

FABRIC

Waterproof material - easy to clean, protects the content of a belt bag.

TWO-WAY ZIPPER

Eases the child's access to the contents of the belt bag.

FLEXIBLE INSERT AT THE WAIST

A few centimeters of wide rubber means that the belt does not hurt the belly during intense games and various activities.

INDIVIDUAL CONFIGURATION

You can, for example, order a ribbon with a carabiner - for keys, or an additional pocket on the front or reflective elements.

Available as a toddler (approx. 1-4 years) and an older child (approx. 5-10 years). For teenagers, an adult STANDARD size belt bag will be the best choice.

MULTIFUNCTIONAL BAG

PRODUCT CODE: tor21

It's a bag that every mom dreams about. Beautiful, practical, durable and very roomy. It has numerous interesting and unseen elsewhere improvements. It can work as a shopping, beach or a baby changing bag!

INCREDIBLY FUNCTIONAL

Apart from a very spacious main compartment, it has four other pockets:

1. Thermal! For a water bottle, fruits or yoghurts. This pocket is removable and you can use it as a separate thermal bag! (extra paid option)
2. Large compartment made from a waterproof fabric to keep a wet bathing suit or used nappies separate from other contents.
3. Small internal pocket for your documents.
4. External zipped pocket for your phone, keys, etc – or other bits and pieces that we want to have handy.

ELASTIC CORDS

They're located at the bottom of the bag and can be used to attach a yoga mat, blanket or a beach towel, freeing up space inside the bag.

WIDE STRAPS

More comfortable to wear and spread the weight of the bag better.

FABRIC

Made from a waterproof, easy to clean fabric.

Special straps to hang it on the pushchair's handlebar.

SOFTSHELL HOOD „PAKA HOOD”

PRODUCT CODE: kap21 - balaclava, kap22 - helmet

PAKA hood is made from softshell and has a permanent mask.

PAKA HOOD

PAKA can be used while snowboarding, skiing, cycling or simply during mountain trips and numerous other outdoor activities. The hood is made from a water and windproof, breathable softshell, so the snow doesn't stick to it and it doesn't absorb water, which makes it superior to the fleece hoods.

MASK

Made from a thin, technical fabric. It's a great face protection from cold, sleet or snow (the mask ends where the goggles start, but it can also be slipped below the chin).

ADJUSTMENT

Wind, snow storm, heavy rain or skiing in the fresh down – none of it will make much of an impact. There's a special system, which allowed you to adjust PAKA Hood to your helmet by using just one hand, even in winter gloves.

„HELMET HOOD” version

Can be worn over a skiing, snowboarding or cycling helmet. It will fit also for kids above 4-5 years.

„BALACLAVA HOOD” version

is more adjusted to head, it's a kind of balaclava. It can be also worn over a skiing or cycling helmet for kids under 4-5 years.

BALACLAVA HOOD

PRODUCT CODE: mabis01 - fleece, mabis02 - wool

One brilliant product which combines a hat, neck warmer and a hood.

EARS

Just add 100points to cuteness ;)

FABRIC

inside there is a soft patterned cotton.

Outer layer comes in two variations:

- Soft, fluffy fleece resembling fur,
- woollen fabric with 10% of synthetic silk, delicate on skin and at the same time warms wonderfully.

CUT

Special cut outs for the shoulders and the extended front and back make the neck and neckline of the child perfectly protected from wind and cold.

ADJUSTMENT

can form a chimney/scarf around the child's neck, act as a loose hood or, after „pulling“ the elastic band, create a snug -fitting balaclava to the face.

WINTER GLOVES

PRODUCT CODE - rek01 - children, rek21 - adult

They are winter mittens designed by parents and tested by children,
so we know they work in all possible snow scenarios.

FABRIC

Waterproof softshell - 10 000mm

PRIMALOFT INSULATION

it's a synthetic insulation (substitute for natural down) that keeps you warm even when wet! It doesn't get dirty and keeps its shape thanks to its elasticity. Made from 55% recycled polyester, it is windproof and anti-allergenic, while being resistant to fungi and bacteria.

INSIDE

The inside of the gloves is finished with a fabric containing 90% wool, which is wonderfully warming, and a 10% rayon (synthetic silk) blend, which provides extra softness and does not irritate the skin. The flannel finish is an optional finish for customers allergic to wool.

TRADITIONAL CUT

Of course, a traditional cut with a separate thumb is also available for older children and adults.

ELASTIC BAND

The child can slide his hand under the upper elastic band, so he won't lose the glove when he wants to take it off for a while.

LONG CUFFS

They reach up to the elbows, keeping the snow away from little hands.

ADJUSTABLE

They're adjustable at the elbow and wrist, so they don't slide off hands and jacket. Adjusted with one pull on the elastic, so easy that a child can do it by themselves, even with one glove already on.

CUT FOR BABIES

We offer an additional cut for infants and toddlers up to about 2 years old who cannot wear gloves with a separate thumb. The special shape allows all fingers to move freely, while still allowing the child to grasp larger objects (but no pincer grip).

BABY WARMING BOOTIES

PRODUCT CODE: but01

Very cosy winter booties made for non-walking babies, or those walking ones, but temporarily resting up in a pram or sleigh. They work great for babies in slings or baby-carriers, whose hanging feet are prone to getting cold.

TRIPLE LAYER DESIGN:

1. OUTER LAYER

Made of waterproof softshell with a membrane.

2. PRIMALOFT INSULATION

Light and thin, at the same time very warm, made of 50% recycled materials.

3. INNER LAYER

Comes in two customizable options: nice fleece fur OR soft wool (90% wool + 10% synthetic silk - making it non irritable for baby's soft skin).

GAITERS

PRODUCT CODE: stup01 - kids, stup21 - adults

Gaiters are invaluable equipment during mountain trips on rainy, muddy or snowy days. They prevent rain or snow from getting into the shoes. At the same time, they protect the trouser legs against dirt and damage. They will allow you to keep „dry foot“ even through the largest snow drifts.

WIDE UPPER

Easy to put them even on thick winter pants.

FABRIC

Waterproof fabric
- strong, easy to clean.

ELASTIC BAND WITH A STOPPER

At the top there is an. It allows you to adjust the gaiters to the calf so that they fit and do not fall down.

REFLECTIVE ELEMENTS

Increase safety
when hiking in the dark.

ELASTIC BAND UNDER THE SHOES

Prevents the gaiters from lifting.

HOOK

Attached to the laces prevents slipping from the shoes.

You can choose between two versions: with zip
(more convenient to put on) and a version without a zipper.

HEADWEAR

KOD PRODUKTU: dasz01 - baseball cap, uszat01 - thick cap
czap01 - thin beanie

Headwear for all seasons and weather conditions.

BASEBALL CAP

If a baseball cap, then only with mesh! Thanks to this, the head is protected from the sun, but at the same time has the ability to „ventilate”.

Our baseball caps are adjustable with a plastic latch in the range 51-56 cm. So they fit both children's and adult heads.

THIN BEANIE

Thin knitted hat. Soft, airy, flexible.

It gently protects against cold, wind and sun.

Perfect for fall and spring.

THICK CAP

Known as a „ear flat cap” or „pilot cap”. Thanks to the fastening under the neck - it does not slip off the head and it covers the ears. It warms not only the head or the ears, but also the cheeks. The outer material is softshell which is waterproof, breathable and protects against the wind. The inside of the hat is made of soft fleece fur.

DRESS & SKIRT

KOD PRODUKTU: spod21 - adult skirt, spod01 - children skirt,
suk21 - adult dress, suk01 - children dress

Light, thin, airy and comfortable. These are MaBiBi's summer products. Made of the highest quality fabric with an addition of elastane. The material is extremely smooth, flexible, „cool” to the touch, flowing, incredibly soft and airy. It allows the skin to breathe and fits perfectly on the body. It hardly wrinkles at all. It is stretchy both ways which gives great freedom of movement, but at the same time does not stretch and does not deform when worn. The print on the fabric was made by sublimation, thanks to which the pattern is durable, imperceptible, and does not crack when stretched.

FASHION

The A-shaped cut makes the dress loose, gives you a feeling of lightness and comfort.

REGULATED ARM LENGTH

It has adjustable straps, which are tied at the back to form a bow.

HIGH WAIST

WIDE BELT

emphasizing the waist.

MATERIAL

The skirt „pours” beautifully, creating soft waves.

BUTTONS

The wooden buttons on the front are cherry on the cake.

SPRING/SUMMER PRODUCTS

Light, thin, airy and comfortable. These are MaBiBi's summer products. Made of the highest quality fabric with an addition of elastane. The material is extremely smooth, flexible, „cool” to the touch, flowing, incredibly soft and airy. It allows the skin to breathe and fits perfectly on the body. It hardly wrinkles at all. The print on the fabric was made by sublimation, thanks to which the pattern is durable, imperceptible, and does not crack when stretched.

THIN SWEATSHIRT WITH HOOD

Our hoodie combines the advantages of a sweatshirt and a T-shirt: it has a loose cut, hood and long sleeves, but the material from which it was made it's thin like a T-shirt. This combination works perfectly well when the evening coolness comes after a hot day, it will check also great at the pool or at the seaside (can replace pareo). Kids love to run around kindergarten in it. Great for trips as it takes up very little space in a backpack.

- **Soft, airy and very comfortable.**
This cannot be shown in photos, you have to feel it on your own skin!
- **Spacious hood.**
- **Longer back.**
- **Available with or without a zipper.**

PUMP PANTS

Comfortable knee-length shorts, adored by big and small!

- **Loose cut, low crotch.**
- **Elastic cuffs at the waist and legs.**
- **With the help of the lower pullers you can adjust the length of the shorts.**
